The aim of the game

The aim of the game is to be the first player to cross the sea to Britain in your longboat.

How to Play

Take it in turns to roll the dice and move the corresponding number of spaces.

If you land on a question card, your opponent will ask you a question by turning over and reading the top question on the pile. If you get the question correct, you stay on the space. It is then the next player's turn.

If you answer incorrectly you must take and read a monster obstacle card and follow the instructions on it. It is then the next player's turn.

If you land on a bonus space, take a bonus card from the pile and read and follow the instructions on it.
