Spring Term – 19/01/18

This Week...

Maths

This week we have been doing a lot of tests! We have been focusing on our arithmetic skills during our Morning Work. We have also linked Maths to Geography by drawing graphs that show extreme temperatures on Earth.

English

We have been writing draft paragraphs to create an information leaflet about the fictional planet "Pandora". We have been trying to write using scientific language.

Across the Curriculum

In Art the children have created some amazing pastel drawings of our solar system. They have also been researching scientific questions. This art work and the children's findings will soon be on display in the corridor outside our classroom; please feel free to pop in and see it! Also in Science we have been out on the playground and created a scale model of the solar system using fruit!

Next Week...
