Class Three Newsletter

14/10/2016

This Week

The children in Class Three have been working hard throughout this week. Mrs Robinson covered the class for part of the week so a huge thank you to her for doing a fantastic job. The week has included measures and column addition in Maths, and letter writing in English.

The children began the week learning how to use their prior knowledge to estimate length, and then followed up their estimates with an accurate measurement using a ruler correctly. The children then progressed to finding the perimeter of 2D shapes. As finding the perimeter of a 2D shape requires the addition of more than two numbers, the children showed a desire to become more familiar with the skills of column addition to assist with this. Maths lessons then focused in on column addition and subtraction skills for the rest of the week.

In English the children began by identifying the correct layout of a letter before writing some letters of their own. The children wrote a letter to a friend, a letter of complaint to Mrs Robinson and a persuasive letter to Mrs Seagrave.

The week's Science combined their scientific knowledge, maths and art skills with some outdoor learning. Next week the children will continue to explore measures in Maths and the language used in letters in English.

Talk Time

Please talk to your child about staying safe on the internet. Talk about why it's important to have tricky, unpredictable passwords and why they must be kept safe.

Important Dates...

School closes 28th October at 3:15pm.

Don't Forget...

Next week's Christian Value is Courage.

Special News!

This week's Outstanding children are:

Harrison Price	Theo Collinson
Shane Staker	Natasha Ramsey
Dylan Curwen	Emily Hoyle
Jake Taylor	Connor Seddon
Rubie Derbyshire	Jaiden Kilshaw
Harley McGowan	Jorja Tucker
Jack Fannon	Libby Bennett
Millie Littlewood	Kaitlyn Marsden

This week's Stars of the Week are:

Shane Staker and Libby Bennett

This week's Star Writers are:

Cayden Essien and Natasha Ramsay
