This Week....

In Maths we have been applying our knowledge of 2's 5's and 10's to money. For example the children have been answering questions like, 'How many 10p coins would I need to buy a watering can for 60p?'. The children have been using their money to buy things in our garden centre.

In English we have been joining sentences using 'and'. The children have also been challenged to form their letters correctly in all their work using the formation prompts in class.
