**20<sup>th</sup> January 2017**

**This Week....**

This week in Maths we have been looking at measure. We have started looking at standard units (cm) when measuring length and we have been using the tip scales to compare items from around the classroom to decide what is heavier and what is lighter.

In English we have continued to write our information texts. We have written an information sheet for our cosy woodland homes and also we have created a scavenger hunt to help children in school 'explore' our school grounds.

The children also had the police in to run a 'Road Safety' course. The children learnt how to stay safe in the car and if they got lost.

They learnt how to use a zebra crossing and they even got to drive toy cars around the hall!
