**This Week.....**

We have started to look at instructions. We have made a healthy smoothie as part of our 'Fighting Fit' topic. We took pictures of each stage and then wrote a set of instructions for how to make it. We then went on to learning some traditional playground games and next week we will be writing instructions for how to play them.

In Maths we have been looking at 2D shapes and their properties. We looked at how shapes can be all around us and found some in our playground. We have struggled a little with pentagons, hexagons and octagons so perhaps you could go over these again at home.
