## Class Three Newsletter

13/01/2017

### This Week

As I'm sure you are all well aware by now, I am leaving Lea Endowed at February half term and I would like to start this week's newsletter with a huge thank you to all of the parents who have been an amazing support to me over the past 4.5 years. It will be incredibly sad to leave the school but I would like everyone to know that I am incredibly appreciative of the support that I have received at Lea and I will miss everyone dearly.

Throughout this week the class has been introduced to new Maths, English, Science and RE topics. In Maths the children have been practising their time telling skills with great success and towards the end of the week they were solving time problems. In English the children have been examining the features of instructions and produced their own for making a paper plate clock, and for making their favourite sandwich. In Science the children have been introduced to the Rock 'n' Roll topic and studied the three rock types and produced posters to illustrate some examples of rocks in action. In RE the children discussed how God speaks to us and how we can speak to Him.

Next week in Maths the children will continue to fine-tune their time telling and problem solving skills, before moving on to money and applying those skills to solving money problems. In English the class will continue to explore and analyse instructions, and try to make their own instructions even clearer. Science will include an investigation into the durability and permeability of a variety of rocks.

### Talk Time

Please talk to your child about online safety and why it is important not to share passwords or personal information online.

### Important Dates...

'Open Door' every Thursday @ 3:15pm - You're welcome to come into school to look at your child's work and have a chat with their teacher.

### Don't Forget...

Year 3/4 will begin swimming lessons at Fulwood Leisure Centre after February half term so get in some extra practise before they start.

### Special News!

#### **This week's Outstanding Children are:**

Harrison Price	Kienan Marker	Jaiden Kilshaw
