

Class Three Newsletter – 7.7.17

This Week...

What a very busy week it has been! We are definitely beginning to show signs of tiredness and are looking forward to our Summer holiday. However, we still have many exciting things to look forward to and work to produce. The children began the week with 'Move On Day' which was a chance to experience how their class will look next academic year. All the children are moving on in their learning and social ability, regardless of whether they are moving classroom or not. All the children were very positive and seem to be looking forward to the new challenges ahead.

We have planned a new character and setting for our stories this week and have started exploring similes and metaphors as a tool to improve writing. We have been selecting powerful adjectives and discussing how we can 'paint a picture' with our words. We have been exploring place value in Maths; looking at reading, comparing and ordering numbers to, and above, 1000. The children have been rounding numbers and placing them on a numberline. In our Science, the children worked in groups to create a food chain and increased their Science vocabulary, learning words such as 'producer', 'consumer', 'predator' and 'prey'.

Important Dates...

9th July - Leavers' Service - St. Christopher's Church - 9.30am

10th July - Ethos Group visiting Ewood Park -
PACKED LUNCH REQUIRED FOR THESE CHILDREN

20th July - End of Year Disco - 6pm-8pm. £3 per child, £5 per family. **LES pupil only**

21st July- 2pm - School breaks up for Summer.

Sponsored Event

We all had a fantastic morning at the Bog-Eyed Jog. The sun shone down on us and all the children went the 'Extra Mile', running several laps of the field despite the heat! It was lovely to see many children encouraging others and sharing a real camaraderie.

Swimming

Next week will be our final swimming session of the year. There will be no swimming lessons in the final week. Please ensure your child brings their swim kit next Friday.

Special News!

Christian Value Certificate - Truth
Jaiden Kilshaw

Curriculum Certificate -
Shane Staker

Writer of the Week -
Libby Bennett

Next Week...

We will be writing the stories that we have planned this week and hopefully will have the opportunity to read them to the younger children in school.

In our Maths we shall be working on problem solving, using all four operations, and applying all the skills we have learnt this year.

We shall be celebrating diversity with a Dance Day

Homework - Please send your child into school with a shoebox or other similar sized box.
