Reception

We loved hearing about the exciting things everyone got up to over half term. We have been fascinated by the fireworks seen in the skies and have created some gorgeous Bonfire Night artworks. We learned the Firework Code and made pictures to tell our friends how to keep safe. In RE we have been thinking about special times and celebrations we share with our families. We talked about how we celebrated our last birthday. In Maths we are learning about circles and triangles. See how many you can spot when you're out and about.

Year 1

It has been lovely hearing about the children's adventures over Half Term. I was very impressed with their writing as they recorded some of the things they had done. In Maths, we have started looking at subtraction and using the – symbol. We will also be continuing to brush up on our number bonds to 10. Any games that can be played in order to help their quick recall will be helpful. We've enjoyed using hit the button in class <https://www.topmarks.co.uk/maths-games/hit-the-button> There is also a White Rose app called 1 minute maths which is free and great for improving number facts recall.

Our **PE** day this half term is **THURSDAY**.
Please come to school in your PE kit each Thursday.

Reminder - Poppies etc still for sale until Tuesday 11th November.

In History this half term we are finding out how toys have changed over time. We would love to look at your photographs of parents, grandparents & even great-grandparents with their toys. Please email them to j.moores@leacofe.lancs.sch.uk

Thank you.
