Reception

We enjoyed learning our poem to share with you at Autumn Praise. In RE we are learning about Harvest and how important it is to share. We have learned where some of our favourite fruits and veg come from and why. We talked about our favourite meals that our grown-ups make for us, and we hope the children have remembered to say thank you! In Maths we are looking at numbers to 3 and are learning how to recognise an amount without having to physically count it (*subitising*). We have started guided reading sessions, using our knowledge of sound-talking and blending. We hope you enjoy sharing our reading books with us at home.

Year 1

We are so proud of the Year 1's this week at how well they have learnt their poem for Autumn Praise. In Maths, we have been counting backwards from 10 and finding one more and one less than a given number. In English, we have been working hard on learning our poem and looking at Autumn themed stories. We read Leaf Man and talked about the things he could do and gathered some describing words. On Monday we had an exciting visit from Blackpool Schools Youth Work to give us a workshop on God's wonderful creation. We learnt that the Holy Bible is God's special book. We thought about all the wonderful things that God created for us in our world.

Mercy Ships is a pioneering international health charity. Their hospital ships bring free, life-changing surgeries to people across sub-Saharan Africa. In partnership with African nations, they train healthcare professionals, build stronger medical services and work for the health of everyone.

On Thursday 22nd October we will be raising money for Mercy Ships. For a £1 donation children may come to school wearing red, white, green and blue (the colours of the Madagascan flag & the water the ships sail on). More details of other fundraising activities to follow.
