

Class 5 Newsletter

Spring Term – 12th March 2021

This Week

Class 5 have returned to school really well, although they are now showing definite signs of tiredness as the week comes to a close! We have enjoyed starting our new class novel, *There's a Boy in the Girls' Bathroom* and completing some activities linked to the main character, Bradley Chalkers. We are revising all things fraction related in our Maths and have continued investigating vertebrates in Science, producing some excellent posters for a new display.

News!

- May we politely ask that all parents and carers wear a mask when dropping off and picking up your child and maintain social distancing – we are still in National Lockdown
- I will be ringing those parents who have made Parents' Evening appointments on Thursday. It will most likely display as an unknown number.

Our **Courageous Advocate** this week is.....

C.T Studd, a nineteenth century cricketer, who gave up fame and fortune to become a missionary, spreading the word of God.

Which countries did C.T Studd travel to in his work as a missionary?

Celebration

Joy – Ethan for going the Extra Mile and shining his light in everything he does.

Star Writer - Lottie for doing some fantastic writing in her English.

Super Work – Alfie for really showing resilience and working hard in all subjects.

Key Dates

- Thursday 18th March – Parents' Evening – telephone appointments
- Break up for Easter – Wednesday 31st March @2pm
- School re-opens on 13th April @8.45am

NB: Our whole school Easter Celebration will take a similar format to the one at Christmas, with a video being uploaded to our school website in the final week of Spring term.

Our Christian Value for this week has been

JOY

**The LORD is my strength & my shield;
my heart trusts in him
and he helps me.
My heart leaps for joy,
and with my
song I praise him.**

– Psalm 28:7

Next Week

We shall be continuing our class book, using inference skills to delve deeper into the character of Bradley. In our Science, we will be starting to look at the circulatory system – this topic will continue into next half term too. We will explore the questions 'Who was Jesus?', 'Who is Jesus?' in our RE, and shall also be starting to put together our class section of the Easter celebration. In our Maths, we are continuing with fractions, looking at the four operations and how to calculate with fractions. Our PSHE will continue looking at Growing and Changing.
