

## Class 3 Newsletter

Summer Term – 22<sup>nd</sup> April 2022

### This Week

Welcome back to the Summer term – I cannot believe that we are entering the final term of the year! The children have settled back into the routines well and are working hard on their new units of work – we are reading a classic novel, Stig of the Dump in English which fits in well with our new Science work on Rocks and our Geography topic – Volcanoes and Earthquakes. We are studying Women of the Old Testament in RE.

### Borwick

We had the most amazing day at Borwick Hall yesterday. The children were so enthusiastic and worked brilliantly as a team, participating in Orienteering, Indoor Caving and a Low Rope course. I hope that it really helped their confidence and gave them an enthusiasm for the great outdoors. I am hoping to put some photographs of the day on our class area of the website in the next few days.

### Thank You!

A huge thank you to Mrs Morris and Miss Wilson who did an absolutely fantastic job of running Class 3 whilst I was recuperating from my broken elbow!

The staff in our school work so hard every day to keep your children learning and enjoying a wealth of different experiences and I am blessed to have such a fab team around me in Class 3.

Thank you also to the children who showed resilience and a mature ability to adapt to new circumstances.

You are all superstars!

### Celebration

Class Superstar – All of **Class 3** were fabulous on our school trip. I particularly noted **Eva-Mae, Alexie and Georgia** for their outstanding teamwork and positive attitude towards all the challenges.

Well done to Class 3 who won the overall attendance award for last half term. We will decide what we would like to do for our special treat next week!

A big well done to **Joshua** who won the Easter Egg Competition for Class 3 at the end of last term.

### Congratulations!

I am super proud that **Dorka** was chosen to be a new member of the Extra Milers at the end of last term. Our Extra Milers are chosen by staff and the other children. It is a very well deserved award as Dorka embodies all our Christian values, and demonstrates them freely in our school community. Well done Dorka! We know that you will shine your light brightly and continue to make us proud.

### Reminders

Now that the weather is improving, we are hoping to spend more time in our garden area and on the school field. Children are allowed to wear a cap on sunny days and are encouraged to apply sun cream before coming to school in a morning. If necessary, they can bring the cream in to school to reapply.

**It is crucial that they all have a water bottle in school to keep hydrated throughout the day**

### Next Week

Next week, we will continue reading Stig of the Dump, and be basing our written activities on the book. In our Science we will be sorting and classifying different rocks based on their properties. We shall begin our Geography unit on volcanoes and earthquakes by using atlases to identify where in the world most volcanoes are located. In our P.E we will continue honing our athletic skills. Addition and subtraction in the context of measurement will be our key learning in Maths, and we shall be identifying significant women who appear in the Bible during our RE lesson.

Our Christian Value this week is-

**TRUTH**
