

Home Learning for Year 1 – Week Beginning 27.4.20

Hello Year 1, I hope you are keeping well and staying safe. Here are some ideas to help you with your learning while you are staying at home. Don't worry if you can't complete all of the tasks but try to have a go, and as always, let your light shine.

Maths

- There are some fantastic daily lessons on White Rose. Follow this link:

<https://whiterosemaths.com/homelearning/year-1/>

and select Summer Term Week 2. Fractions can be a tricky concept to grasp. Again, work at your child's pace. You may not get through all the lessons or you may find the lessons are too easy and you need to move to the Challenge section.

All year 1 children should understand that a FRACTION is an EQUAL part of a WHOLE.

Challenge

- For further activities you could join 'The Maths Factor' created by Carol Vorderman.
<https://www.themathsfactor.com/>
- Or Additional Maths activities to support your child's learning can be found on the Discovery Education website. I will send login details out again via the text messaging service for any of you that need it a reminder.
<https://www.discoveryeducation.co.uk/>
Login and select Espresso. Select KS1, Maths and access activities in the **Fractions** section.

English

Daily activities can be found on the LPDS document found on our class area. This week we are looking at a range of texts about pets.

Reading

Visit <https://home.oxfordowl.co.uk/books/free-ebooks/> and read some books. You may be able to spot your home reading colour on the spine of the book. Our book colours span the age groups 4-5, 5-6 and 6-7. Some of the books also have an activity attached.

Handwriting

Practice forming the following letters with the correct formation (you will need lined paper and a sharp pencil!)

Whoosh in and then down. Up, over and back to the ground. Up, over and down again, add a flick to finish your m.

Whoosh in and then down. Up, over the hump and flick off the ground.

Whoosh in round you go. Lead out from the top for your o.

Home Learning for Year 1 – Week Beginning 27.4.20

Hello Year 1, I hope you are keeping well and staying safe. Here are some ideas to help you with your learning while you are staying at home.
Don't worry if you can't complete all of the tasks but try to have a go, and as always, let your light shine.

	REMEMBER – All letters should not go above the imaginary half way line. Don not take your pencil off the page until the letter is drawn.	
Other DT – Can you design your own 'Secret Garden'? Science – Match the part of the plant with what it does.	<div>petals</div> <div>leaves</div> <div>stem</div> <div>roots</div> <div>anther</div>	<div>releases pollen which brushes onto insects when they land on a flower</div> <div>absorb water and minerals from the soil</div> <div>attract insects and birds to the plant</div> <div>make food for the plant from CO2 and sunlight</div> <div>transports water around the plant</div>
RE Can you write a prayer for all the Key Workers?
