What's going on this week?

The toy world is in the grip of a llama obsession as the woolly South American animals become the new industry sensation! At the American International Toy Fair in New York in February, there were llamas everywhere! Knitted, plush and sequinned, small and large; llamas on mobile phone cases and swimming pool floats, llama diaries, puzzles and even backpacks.

Things to talk about at home…

- What are your favourite toys at the moment? Talk about why you like them.
- Can you remember any of your first toys?
- If you can, ask someone older than you about their favourite toy. Would you have liked that toy?
- Do you think when you become an adult you will still enjoy playing with toys? Why?
