Robin Hood's Bay

Here is your challenge

You must plan a trip for 18 pupils and 2 adults. The visit lasts 5 days, but the first and last days are travelling so you don't need to book activities for those days. We need to eat on 4 nights and 5 lunches. Breakfast is included at both hotels.

You need an activity per day, or a combination that will fill 3 days. It is your choice what we do.

You have a budget of £1000
