Friday 5th July 2019

What a fantastic week we have had in our class! The children have been doing lots of exciting activities throughout the classroom, painting pictures, making robots and preparing for Sports Day. It was great to see the children all getting involved in this year's sports day and it was nice to see them work alongside their peers, trying their hardest to win! They showed great team spirit and I was really proud of every single child. Well done. You have all been super stars this week!

Writing

Our focus this week has been on letter formation and handwriting. The children are all becoming much more confident when writing in their lined books and we are now working on forming the letters correctly and attempting to make our writing a little bit smaller. Some children are still finding holding their pencil a little bit tricky so we have also been working on our pincer grips. It has been lovely to see some children go into continuous provision to practice their handwriting; writing beautiful stories or making lists in our café.

Stars of the week

A big well done to Myles this week for his star award, for his amazing work in class and for always showing kindness and compassion to his friends. Also a huge well done to Micah for showing great courage during sports day. He had a bad fall but wasn't afraid to get back up and continue with his sports day after a big hug from mummy and me. What a trooper, well done to both boys.

Numbers

In maths this week the children have been continuing to look at 2d and 3d shapes in our environment. We have been looking at where shapes can be found and what 3d shapes are called. The children are all gaining confidence with their knowledge of shapes. Next week we are going to be looking at time and the children will be making their own clocks in class. We are going to be thinking about what happens at different times of the day. In Science we will be going outside and making shadows and seeing if these shadows change as the sun moves.

Notices

- Water bottles must be taken home every Friday to be washed and then returned each Monday.
- Please make sure children have sun cream and hats in school each day.
