

Home Learning for Class 3– Week beginning 22.06.20

Hello Class 3, I hope that you are well and enjoying your Home Learning. Remember, I would love to see any work that you have been doing. If you or your grown ups want to contact me, my email address is r.bolton@leacofe.lancs.sch.uk

Maths

Warm – Up – I have added a challenge at the end of the Home Learning Plan this week as I know many of you love to work through puzzles. Check it out! Perhaps you could make up your own version of these puzzles and send them me to try or test them out on members of your family!

Please access via the link below and select **Summer Week 8**.

Year 3 - <https://whiterosemaths.com/homelearning/year-3/>

Ordering, adding and subtracting fractions– The video lessons remain online but the worksheets now need to be accessed via the Home Learning tab on our school website

Year 4 - <https://whiterosemaths.com/homelearning/year-4/>

Writing, comparing and ordering decimals- The video lessons remain online but the worksheets now need to be accessed via the Home Learning tab on our school website

Depending on confidence level, you can move between the two sets of learning, if you are Year 3 and feeling confident as you progress through the week, have a go with the Year 4 learning. Likewise, if you are Year 4 and finding the work difficult, try the Year 3 learning first and work towards the Year 4 objective.

Practise all your times tables using Times Tables Rock Star or any other method which helps you.

Remember, **Hit the Coconut** is also on Topmarks

website. **Remember, by the end of Year 4 you should be secure in all your times tables up to 12 x 12**

English

For our Home Learning in English, I am recommending that you access the LPDS Home Learning **Read and Respond Units** found on the additional attachment to this plan. Remember, there is one for Year 3 and one for Year 4.

This week, **Year 3**, you will be looking at Characters from different stories and finding new vocabulary. At the end of the week, decide which character is your favourite!

Year 4s, you will be doing The Secret Lake by Karen Inglis. You will need to have access to LoveReading4Kids to view the extracts this week. (Membership is free).

Reading - Use Oxford Owl for Home

My Class Name is **lea3**

My Class Password is **lighthouse**

Reading Challenge - This year Lancashire's Libraries will be inviting children to get silly for the Summer with their **Reading Challenge**. The theme of the Challenge for this year is Silly Squad, and we want to celebrate funny and silly stories all summer long! The Summer Reading Challenge will give you the chance to sign up and take part online, with the special www.sillysquad.org.uk website.

NEW!!!!!!! Grammar and Punctuation Challenge - Investigate **pronouns** by watching the short animation and completing the questions
<https://www.bbc.co.uk/bitesize/topics/zwwp8mn/articles/z37xrwX>
Can you write some sentences using pronouns?

Home Learning for Class 3– Week beginning 22.06.20

Other

Our **History** topic this half term is The Great Plague

This week I would like you to take a quiz to find out how much you know about The Great Plague!

Read the information and answer the questions at the bottom of the page:

https://www.ducksters.com/history/middle_ages_black_death.php

Continuing with our work in **Science** on How Does Your Garden Grow,

Have a think about these questions: choose one and try and answer it using scientific language.

- What if plants didn't have roots?
- What if plants didn't have flowers?
- Whereabouts in your house would be a good place for a plant to grow? Why? Where would be a bad place?
- How many different plants can you see from your window? What is the purpose of each plant? What would be your view if you lived in the rainforest, on the savannah, in the desert? Why would your view differ? Research plant life in different habitats.

Music – Listen to the piece of music 'Danse Macabre' (which in French means Dance of Death) This is a link to the music which includes a funny video to go with the music.

<https://www.youtube.com/watch?v=EcOZmtbLRP0>

Art – As you are listening to the above piece of music, have a go at drawing a skeleton using only pencil (you could even use white pencil on black paper)

<https://www.youtube.com/watch?v=cR3y2VjboEk> shows you how to draw a skeleton if you need a little help!

PE – Try some Zumba - : <https://family.gonoodle.com/channels/zumba-kids>

RE

Watch this OffTheShelf video from Heather

https://www.youtube.com/watch?time_continue=292&v=NTOT6-rElxs&feature=emb_logo

The theme of this video is '**Starting Again**' and Heather talks about how God allows us all to start again when we have made mistakes, so long as we fully accept Him into our lives.

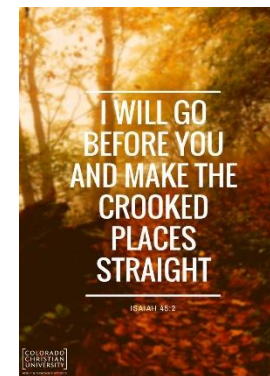

Have a go at making an origami bird, similar to the one that Heather creates:

<https://www.youtube.com/watch?v=pdsE5-GWK1Y>

Can you create anything else from a scrap piece of paper? Remember, if it goes wrong, you can **start again**!

What do you think this quote from Isaiah means in relation to starting again? Can you think of a time when your life had 'crooked places'? Have a go at writing a short prayer asking God to help you (or someone who may be going through hard times) make the crooked paths straight again.
