How can we help those in need who are far away?

This week's story looks at events related to ...

Let's look at this week's story

Pakistan has had the heaviest rainfall in decades. The United Nation's (UN) Secretary General has urged the world to help Pakistan, after floodwater covered a third of the country. Starting an appeal to help the tens of millions affected by the disaster, Secretary General Antonio Guterres blamed exceptionally high levels of rain and climate change. The flooding has affected millions of people in Pakistan as the heavy rains have washed away roads, people's homes, and farms. Emergency services have been pushed to their limits trying to rescue those stranded and evacuate them to temporary housing.
