

Class 3 Newsletter

Autumn Term – 1st October 2021

This Week

The children have been doing a lot of writing this week. After completing our class story, Fantastic Mr Fox, the children have been innovating and writing their own version of the story with their own characters. We are working really hard on sentence formation and using basic punctuation and structure. We are also trying to improve our presentation and handwriting. In our Maths, we are focusing on place value and number and this week we have moved on to calculating, using addition to add two large numbers together. We are constantly practising our number bonds and times tables as these are both key to all our learning in Maths. In our RE, we have been looking at the Bible and learning about what it tells us about God's word. The children used pastels to create some stunning artwork to represent some key verses from the Bible.

Our **Courageous Advocate** last week was..... **Louis Pasteur**

Louis Pasteur was a 19th century scientist who developed the idea of vaccines as well as discovering the benefits of pasteurisation. He recognised that his talents were God given, and that he could use these talents to love and protect God's wonderful creation.

"The more I study nature, the more I stand amazed at the work of the Creator."

Celebration

Well done to the winners of our certificates last Friday – **ELLIE, JENSON AND LOGAN** – you have all shone your lights brightly and we are really proud of you all.

Thankfulness – Millie who showed thanks to God through her AMAZING artwork this week.

Star Writer – Dorka for trying so hard with her writing and presenting her work beautifully.

Super Work – Sofia for consistently working hard and showing the younger children a fabulous example.

Our Christian Value for this week has been

THANKFULNESS

Key Dates

Thursday 21st October – Whole School Nasal Vaccinations

Friday 22nd October – Break Up for Half Term – 3.15pm

Next Week

Next week, we are having a focus on Reading – the children will be predicting what will happen next in their book from information given or implied. The children will also be writing book reviews and practising the use of there, their and they're. In Maths next week, we shall continue practising our calculations in addition and subtraction using mental and written methods. In our RE we shall be looking at the Bible in different translations and choosing our favourites, giving reasons why. On Friday, we will be having a Harvest Day where we shall be taking part in lots of activities to raise awareness of the Mosamaria charity in the Free State in South Africa which helps children and families affected by the AIDS epidemic.
