

Class 3 Newsletter – 30.11.18

This Week...

This week the children have all worked really hard and applied themselves to their assessments. They have concentrated well and have all performed to the best of their abilities - I am very proud of them all and the results of their assessments will inform me for future planning. I did speak to all the children about the need for them to read widely and at greater length as they become increasingly independent in their reading abilities. Not only does this improve their skills in reading which they now use in almost every subject area, but it is also proven to increase wellbeing and improve mental health, taking the reader into worlds beyond their own experience. Books would make a great Christmas present! We looked at pyramids in our History work which was enhanced further by the excellent models that so many children have made and brought into school - they are so creative and make a wonderful display! The children also compared the Christmas story in Matthew to the version in Luke.

Welcome

A big welcome to Ryan who has joined our class this week. Ryan has settled in really well already and is proving to be a friendly and hard working member of Class 3.

Class Information

Homework - Times Tables - the 5x and 10x mixed tables plus another task from the Ancient Egypt project sheet.

Open Door - Mondays 3.20 - 3.40pm

Dates For Your Diary

Christmas Fair - Wednesday 5th December 3.30 - 5.30pm. Please come along and support this event.

Christmas Party and lunch - 19th December

Christmas Production - 18th December @ 6pm

Thursday 20th December - Whole School visit to the Pantomime

Friday 21st December - School finishes at 2pm.

Special News!

Christian Value Certificate - Peace

Harvey

Curriculum Certificate -

Ryan B

Writer of The Week -

Lola

Next Week - We will continue with our work on

Ancient Egypt, looking at the discovery of the tomb of Tutankhamun. In our English work we shall be writing diaries in the guise of Howard Carter who discovered the tomb. We shall also be making our own versions of the death mask. In our Maths we shall be investigating time and revising previous learning before moving on to telling the time to the nearest minute. Any practise at home with this tricky concept would really benefit your child. We shall be spending time practising the words to our Christmas songs and exploring the Christmas story further in our RE topic.
