

Class 3 Newsletter – 3.5.19

This Week...

We have celebrated Extreme English Week. The children all looked fantastic in their book themed outfits yesterday and we really enjoyed seeing them all. Thank you for all the effort that you went to at home. The Book Fair gave the children extra motivation to read widely and we raised an amazing £560 which means that school is able to choose £280 worth of free books! An excellent effort – thank you for supporting it. On Monday afternoon, we welcomed Helen Lewis, who did an excellent workshop on 'Diary of a Disciple', a biblical take on 'Diary of a Wimpy Kid'. The children engaged so well with the range of activities, from drama to art to a quiz and were praised for their wonderful learning attitude. We have also had book quizzes, learnt a poem 'School Kid Rap' off by heart, wrote our own version of a well-known story and had story time with Miss Cronin and Mrs Lucarelli. We have managed to squeeze in some Maths work on time, some DT with levers and pulleys and some athletics in PE.

Useful Information

10.50am @ PNE - Harold Slater Cup final
£3 per adult, £1 per child. All welcome to come and support our team in this very exciting event.

10th May – Springo Bingo at St. Bernard's Club @ 6pm
– All welcome

24th May – school breaks up for half term at 3.15pm
and re-opens on 10th June

17th June – Fathers' Day Afternoon Tea – 2.30pm –
3pm (please send in any pre-wrapped/bought cake
donations on Friday 14th June and fresh cakes on the
morning of the 17th- Thank you)

Congratulations!

Congratulations to Mia and her mum and dad, who have welcomed a baby boy into their family this week. We know that Mia is going to be a wonderful big sister and wish the whole family well in their new adventure.

Special News!

As we have celebrated Extreme English Week, the awards this week are given to the Writer of the Week and Reader of the Week. Thank you to the P.T.A for donating the prizes.

Writer - Yr 3

Cole

Reader - Yr 3

William

Reader - Year 4

Evie

Next Week -

We will resume our work on explanation texts and be planning our own text based on a Teacher Pleaser or a Bedroom Tidying Machine! In our Maths work, we shall continue with time, looking at time intervals before moving on to multiplication facts and statistics. In our Science work, the children will begin the topic of Forces and will identify forces being applied to different objects in and around school. In Geography, the children will be exploring the Lake District National Park, looking at physical and human features. We will find out more about women in the Old Testament during our RE session and continue looking at movement in our DT lesson with Miss Wilson.
