

**This Week...**

We have explored how the humans from the Stone Age made hunting tools by mimicking their methods using fondant and sandpaper. In Science, the children investigated how objects move on different surfaces by observing balloon rockets moving. Maths lessons have focussed on mental and written division as well as continued practise of times tables. In English, the children have been writing their own version of the Iron Man based on a character they created as a class, The Copper Man.

**Next Week...**

We will be focussing on time in maths. The children will be reading and telling the time to the nearest minute, including analogue and digital time. In English, we will continue to read and discuss The Iron Man. PSHE lessons will surround positive relationships between friends and how to maintain good, healthy friendships.

**Important Dates**

- Tues 24<sup>th</sup> Nov: Harvest Appeal Sponsored Walk
- Fri 18<sup>th</sup> Dec: School closes for Christmas holidays at 2:00pm

**Harvest Appeal**

We will be taking part in the sponsored walk on Tuesday 24<sup>th</sup> November. Please could all sponsor forms be returned in to school next week. Due to the recent wet weather, please could you ensure your child brings a spare pair of old shoes/trainers/wellies with them to school as they might get quite muddy.

**Courageous Advocate**

The Courageous Advocate we are celebrating this week is John Newton. John Newton was a reformed slave trader who served as a mate and then captain on a number of slave ships. After he became a Christian he took on the role of an abolitionist, working tirelessly to put an end to the slave trade.
