Spring Term – 11/01/19

Happy New Year to you all ☺

| This Week...	Next Week...
Maths This week we have been looking at sequences of numbers and practising arithmetic skills. We have also been using quadrants and plotting co-ordinates which has included some revision on 2D shapes. **English** We have been studying non-fiction texts and fact finding. We have also found out information about The Sun and written an informative paragraph. **Across the Curriculum** We have started our new Science topic: 'Earth and Space' and have been asking scientific questions. In R.E we have been talking about Significant Events – what they are and what they mean to us. Our Geography lesson looked at weather and climate around the world; we learnt about many EXTREME weathers in different places.	**Maths** We will be looking at measurement (temperature) and statistics including some links with our 'Extreme Weather' work in Geography. **English** We will be creating our own information texts based on the imaginary planet 'Pandora'.
