

Class 3 Newsletter

Spring Term – 20.3.20

This Week...

Despite having to cancel both the Borwick trip and the Roman Showcase for parents, we have still managed to have a fun week in Class 3! Our Science lesson on Monday involved the children creating their very own mini-beast using UV beads that changed colour in the light. They were tasked with making a habitat for the creature which would be dark, warm and would not squash it! We got very messy with leaves and twigs but the results were fabulous. We also made our Roman shields using symbols which had significance for the Roman army. We even got to test them and create a turtle formation like a real army! The classroom was a sea of red! Our RE focused on the Last Supper and the children explored the feelings of some of the key characters in this story.

Next Week...

I cannot quite believe that I am writing this newsletter, knowing that we are about to close school and say goodbye to the children for the foreseeable future. I really do think that they are amazing little individuals who will continue to shine their lights brightly, whether it be at home or school. I look forward to seeing them (and you) all back safe and sound very soon.

"God, grant me the serenity to accept the things I cannot change, courage to change the things I can and the wisdom to know the difference."

I read an article the other day which really resonated with me and I hope you don't mind me sharing with you.

It commented on how perceptive children are and how they are absorbing all the unrest and constantly changing situation surrounding the Coronavirus. It asked us, as adults, to remain calm and measured when around the children and allow them to build resilience in the knowledge that we will be strong in a crisis and they do not need to carry the burden of worry on their young shoulders.

I thought they were wise words, especially as we work hard to maintain wellbeing and good mental health.

Please note that, to help you manage the children's learning at home, we have sent

- Extra reading books
- Exercise book to record tasks in
- Home Learning Plan specific to Class 3
- Details of additional learning available is on the Class area of our school website
