Wednesday 13th July- School Trip

Tuesday 19th July – Backup Sports Day if poor weather on 5th July

Friday 22nd July- Finish for summer at 2.00pm

Reception Classroom News

Friday 24th June

This week has been a hot one in Reception! Thank you for making sure your child has had their hat, water bottle and sun cream applied before school.

In Maths this week, we have continued looking at doubling and sharing amounts into equal groups. In Science, we have been talking about different materials and looking at what things are made from. We have also been looking at the seaside and the things we might see there. We have enjoyed looking at different robots and the jobs that they have and even looked at a robot that can go into space.

Next week we have our Class Worship so will be practising for this. We will be talking about how we are all unique and what we have enjoyed learning about this year in Reception. We also have a very exciting day of science, starting with an assembly by the Mad Science company and then activities in our classes all linked to the theme, Energy.

Mad Science

As part of our Science Day next week, the team at Mad Science will be leading an assembly for the whole school which showcases their teaching. An after-school club will be taking place, in the Autumn Term, with Mad Science so look out for details of that.

Extreme English Week

To celebrate our Extreme English Week we are holding a competition. Children are asked to design and make a diorama of their favourite book or story. This could be a fairy tale, a picture book or a favourite novel. A diorama is a 3D scene, often created in a shoebox or similar, and decorated creatively. See the picture for an example

All entries need to be brought into school by **Thursday 7th July** and will be displayed in the school hall on Friday 8th July.

There will be prizes for the best Infant diorama and the best Junior diorama.

We cannot wait to see your creations!

Diamond 9

Our Diamond 9 word this week in class has been 'Creativity'.

School Uniform

Please make sure your child has the correct uniform on each day as we have noticed some children wearing black trainers and these are not school shoes. Trainers are meant to be worn on PE days only.

Curriculum Award – Harry for being creative and taking his time with his work
Christian Value Certificate – Theo for being a fantastic friend to others at all times

Well done for letting your lights shine so brightly!
