Reading

Please encourage your child to read for at least 15 minutes daily and record this in their diary which is checked three times per week.

Class News

Thank you to all family members who came to support children in Class 5 during their performance at yesterday's Autumn Praise celebration. It was a fantastic and uplifting event during which we were all 'wowed' and in 'awe' of the superb performances delivered by every class. Class 5 brought proceedings to a conclusion with their wonderful rendition of 'What a Wonderful World' accompanied by Makaton signing. Well done all!

Whilst learning their song, you will be pleased to hear that the children have also been working hard in lessons! In English, they have utilised the Point-Evidence-Explain techniques to persuade the reader whether they think Lucien Silver, a key character in 'The Nowhere Emporium' is going to be good or bad. I wonder if they will use the same tactic to win some arguments at home?!

In Maths, we have had more of a focus on number properties this week – particularly prime and square numbers. Did you know that you can use your six-times table to find primes? I'll let your child explain that... We have also used lots of lovely locational vocabulary to explain where different countries are located in the world, including lines of latitude and longitude.

Finally, having had our first session with May on the PNE Heritage Project, everyone is now even more excited about the upcoming tour of Deepdale Stadium.
