Reception

We have had a busy start to our last half term in Reception. We are learning about different scientists who made significant discoveries, and are learning that anyone can be a scientist. In RE we have been talking about the different ways people of faith pray. We painted a picture of the things in our lives that we want to say 'Thank You' for. We are exploring sharing and grouping in maths, and are learning that some amounts can be shared equally but other amounts cannot, depending on how many groups we are sharing them into. This term we will be looking at how education has changed over time and we will be learning about the history of our school.

Year 1

We had a great start to our final term in Year1. The children enjoyed telling us what they did over the half term break. They impressed us during their Phonics Screening and all tried their very best. We had a fantastic Sports Day and enjoyed all the different activities. Well done to Rowan (red) team for being the overall winners. We have begun learning about the world Jesus grew up in. We talked about how the clothes and

houses were very different, with the stairs outdoors. Next week we will be tasting some of the food that Jesus would have eaten – please see Mrs Bamber's letter sent out 18.06.25.

We are missing quite a number of Library Books. Please can we ask you to check at home in case there are any school books mixed up with your children's books. We would appreciate any donations of good quality books to top up our collection. Thank you for your support.

Reminders

All children need sun cream & sun hats. Please ensure that your child has a bottle of water every day; they can be refilled as needed throughout the day. All bottles should contain **just water**, unless a different agreement has been made with school. We encourage the children to drink throughout the day, and always when they come indoors.
