Wed 3rd Sept @ 8:45am – Y1-Y6 children start the new school year (Reception start times to follow)

In Class

It has been a very busy week in class! We have tried really hard to keep up our work and learning, although the heat does slow us all down a little! We hope, those of you who were able to join us, enjoyed Sports Day. I was very proud of the effort shown by all the children and they all did well at the varied activities. A particular well done to Rowan who won the trophy this year.

Thank you for all the donations to the Toy Sale – I hope it was a good excuse for you all to have a clear out and refresh, and it is lovely to think that all the money made goes towards helping our sponsor child Hamza continue with his education in Tanzania.

This week is Drowning Prevention Week. Following on from our intensive swimming lessons earlier in the year, the children have been learning how to stay safe around water in the home and in the environment. Having the canal, the docks and the River Ribble so close to us makes us extra aware of the need to stay safe, especially in the warmer summer months.

The children have enjoyed looking at the life cycle of plants in our Science this half term. We dissected flowers to search for the male and female parts before learning all about pollination and seed dispersal.

We have started a new class novel, Stig of the Dump, which we are using to hone our English skills but also as a useful reference for our new History topic on the Stone Age.

Class Superstar –

Jackson for improving in all areas of the curriculum

Writer of the Week-

Olivia for doing some fantastic diary writing in English this week

Christian Value –

Seb with his positive attitude to school which gives us all hope

Our Diamond Nine word this week is **Unique**
