

This Week...

In English, we have continued to look at The Iron man, watching parts of the film to make comparisons between that, and the text. We are working hard to focus on our grammar and spelling skills. In Maths, we have been exploring the properties of 3D shapes. Our Science focus for this week has been looking at the elements involved when planning a fair test, to prepare for the children planning their own investigation. History lessons have surrounded the Bronze Age and how housing had changed since the Stone Age.

Next Week...

English will continue to focus on The Iron Man and writing diary entries. The children are familiar with the characters now and will be writing a diary from their perspective. In Maths, we will return to focussing on Time. We will revise what we have already learned and consolidate our knowledge of this concept.

Courageous Advocate

The Courageous Advocate that we are celebrating in School this week is C.S. Lewis. Clive Staples Lewis was British writer. He was close friends with J.R.R Tolkien, who he studied with at Oxford University. It was Tolkien that helped Lewis find his faith when he was 32.

How many books did C.S. Lewis write? How many can you name?

Diamond 9

The whole school Diamond 9 focus word of the week is relevant.

Christmas Lunch Letters

Please can I kindly ask that any Christmas Lunch forms are returned to school for those that would like a Christmas Lunch.

Christmas Party

Class 3's Christmas Party will be on the same day as the Christmas Lunch. Children can come to school on **Wednesday 16th December** in age appropriate festive clothes or Christmas jumpers, to enjoy the party in the afternoon. There will be lots of fun and games for the children to enjoy.

Christmas Around the World

This year, one way we are celebrating Christmas is through looking at how it is celebrated across the world. In Class 3, we have chosen to focus on Germany – keep a look out for a video to follow soon!
