

Class 5 Newsletter

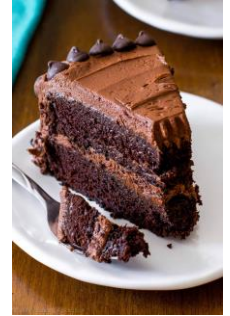

Summer Term – 25th June 2021

This Week

This week the children have been focusing on our Science topic, Light. The class have been challenged to use scientific vocabulary to define both light and dark and explain the meaning of the words opaque, translucent and transparent. We discovered how light travels and how shadows are created. We had a fun session working with torches and coloured filters, investigating white light and how we can separate out the colours which added together make white light. The children have also been continuing with Theme Park Maths, looking at how the choices they made regarding the design of their park, contributes to how much profit and loss they experience!

Cake Sale

A massive thank you to all parents who contributed cakes for our Year 6 Cake Sale last Friday. We raised a magnificent £218.40, which the children have calculated is enough money to sponsor Hamza for 8 months! A brilliant achievement so well done Year 6!

We are involved with the Race for Life school event this year, with all

staff and children running around our track to raise money for valuable research into cancer by Cancer Research UK.

To sponsor your child, or to make a contribution to Cancer Research UK, please follow the link to our Just Giving Page. <https://fundraise.cancerresearchuk.org/page/leaded-c-of-e-primary-school>

Celebration

Thankfulness – Archie for making me thankful for the compassion he showed to a member of our class.

Star Writer - Jensen for having THE neatest handwriting and presentation in the world!!

Curriculum Award – George K for helping others with their Racism posters

Our Christian Value for this week has been

Thankfulness

Have a lovely weekend!

Key Dates

We are very much hoping that we can still perform our End of Year Production for you, but dates are not yet able to be fixed. I will keep you all up to date with any developments regarding this.

Wednesday 7th July – Race for Life

14th July – Y6 Enterprise – see separate letter. In case of inclement weather, this may move to 15th July!

Next Week

The children will be continuing with their Science work on Light, looking specifically at reflection and refraction. The children are also going to meet with their buddies in a socially distanced way, weather permitting, and we are hoping to have our Obstacle Course/Team Building session which had to be postponed this week because of the rain! There are all manner of preparations going on in Class 5 at the moment – Enterprise and our end of year production are keeping us busy and we are learning about public speaking, business and the art of compromise!!
