Summer Term – 11<sup>th</sup> June 2021

### This Week

Welcome back to the final half term of the year, and the final half term of Lea Endowed for our Year 6's! This half term is always quite emotional: on the one hand, the children are looking forward to new adventures and the challenge of high school, on the other hand, they are relishing their final few weeks together and looking forward to many fun activities. We have spoken this week about maximising these opportunities and ensuring that they maintain their fantastic behaviour, attitude and manners right to the very last minute. Please reiterate this message at home too. Thank you ☺

### Next Week

Next week, we shall be starting a new Maths unit – Theme Park Maths. This is project style Maths where the children use and apply their Maths learning and design a theme park, making all measurements and costings! We shall be completing our work on the 1960s and beginning a new Science topic on light. The Together as One initiative, delivered by PNE Community Trust will continue, with the children looking at appropriate and respectful language.

Please ensure that your child:

- Has sun cream in school, or applies sun cream before coming to school.
- Has a clean water bottle each day.
