## Summer Term – 27/05/2022

### LEARNING IN SCHOOL

**English:** We have worked our way through our newspaper report unit. We focussed on the key features and have written our own reports about the Nepalese earthquake of 2015.

**Maths:** We focussed on reading and understanding information represented in line graphs.

**DT:** We completed our volcano projects and erupted them using vinegar and bicarbonate of soda.

**The Queen's Platinum Jubilee:** In **RE**, we explored how the Queen is a significant Christian woman and created acrostic poems about her. We baked scones in **Science** following recipes and talking about different Chemistry elements involved in baking. In **History**, we created timelines that represented Her Majesty's reign including the Prime Ministers, Presidents, wars, Olympic Games and more. Today, we enjoyed a carousel of Jubilee themed activities as well as enjoying our picnic lunch.

### READING & SPELLINGS

Please remember to make sure that your child **reads regularly**. They need to be recording it in their reading record. Even if it is a book from home not from school, it can be recorded in the diary so we can monitor the range of books the children are/are not reading.

**Spellings are on our class page of the website in case the lists get misplaced.**
