LEARNING IN SCHOOL

English: We have continued with our Puss in Boots focus. We have really enjoyed exploring this fairy tale, one that seems familiar but is actually quite new for us all.

Maths: We have focussed on multiplication and division, beginning to master the necessary strategies to be successful with these operations.

RE: We applied our understanding of the seven I AM statements from John's gospel.

Science: We applied our knowledge of separating and filtering mixtures by trying to make our 'sewage water' as clean as we could. We used a wide variety of equipment including measuring cylinders and filter paper.

History: We have explored the necessity of the River Nile for the Ancient Egyptians and we have created various models and projects that have helped us understand what daily life was like for that civilization.

We also used the Sarah Asuquo novel 'Shine' to help us think about our differences and how what we say really matters. This linked in with the 'One Kind Word' theme of Anti-Bullying Week 2021.

COURAGEOUS ADVOCATE

We learned about the life of **David Spurdle**, a retired teacher who dedicated his retirement to loving poverty-stricken children around the world as best he could.

What does it look like to love everyone unconditionally?

SPELLINGS & READING

The children are receiving weekly spellings and are given a sheet every week to take home and practise. These are combinations of words that follow spelling rules and those the government deem are statutory. Please support your child/ren in practising and improving in their spelling.

Please also make sure your child is reading regularly. Find out what genre/author they enjoy and encourage them to read those, and record it in their reading record.
