

Class 4 Newsletter

Autumn Term - 07/09/2018

This Week

We have had a fantastic start to the academic year. We appear to have settled into the school routines quickly, adapting from 'holiday mode' into 'learning mode' easily. We have discussed how to stay safe online as well as what an outstanding class member looks like. The children have all signed and agreed to them. Our **Theme** for this half term is the '**Food Glorious Food**'. It is a Geography and DT based topic exploring how food gets to us as well as different ways of cooking food. This week in **English** we have written recounts of some of our exploits during the Summer Holidays. We have then edited and improved them as well as focussing grammatically on adjectives. In **Maths**, we have begun our year identifying the place value of numbers. This will set us up in all other areas. In **RE**, we have written some very thoughtful lunchtime prayers as well as crafting an end of day prayer together. Our focus in **Science** this week has been to create something that, when dropped, will protect an egg. We will continue with this next week. In **Geography**, we have located the country of France in the world, as this is going to be our country of focus later on in the unit.

Next Week...

English: The Magic Faraway Tree

Maths: Place Value (ordering, comparing, rounding etc.)

Science: How can we stop an egg from cracking?

RE: Exploring the Bible

Geography: Where does our food come from?
