Autumn Term – 11/09/2020

This Week

This week the children have settled in to a good routine of learning. All the children have returned to school and have maintained the high level of handwriting, which was our focus earlier this year.

In **English**, we have begun a unit using the Dick King-Smith novel 'The Water Horse'. We have focussed on using speech punctuation accurately, using pronouns effectively and using adjectives and noun phrases to describe the creature found in the egg. In **Maths**, we have been recapping our Place Value knowledge. We have identified the values of digits, applied our knowledge of powers of 10, and counted using a variety of intervals. In **RE**, we have started our unit that focuses on The Lord's Prayer. This week, we explored the language used in it and compared different versions, both in English and in other languages. In **Science**, we started our unit on States of Matter, defining each state using labelled diagrams. In **Geography**, we used atlases to identify significant rivers throughout the world.

In **Computing**, we focussed on staying safe online.

TIMINGS

Please arrive at school no earlier than **8:45am** to avoid unnecessary congestion on Lea Road. Children are to be collected at **3:15pm**. Please keep to the timings, in order to keep everyone as safe as possible; allowing a safer flow of adults and children on the pavements and safer parking.

TTRS

Details of the children's login details for 'Times Tables Rock Star' have been sent home. Please encourage your child to log on frequently to improve their frequency.
