Summer Term - 03/05/2019

This Week

This week has been **Extreme English** week. We've had so much fun; we've had book quizzes; we've written short stories (only 6 words long); we've created bad characters; we've re-written the classic story of the Gruffalo; and we've created a crossword that will be published later this half term! In **Maths**, we applied our calculations skills through 'real world' problems. In **Science**, we explored air resistance through creating and testing hoop gliders and the impact air resistance has on flight distances. In **RE**, we focussed more intently on the significant woman Ruth, her life, her choices and why they are important in the Bible story. In **History**, we began our unit exploring the Islamic Civilization of AD900 at Baghdad. In **Computing**, we planned out programming for our Al-Khwarizmi Scratch presentations. In **PE**, the Year 4 children went swimming and the Year 5 children began their Superhero dance unit.

Next Week...
