

Class 3 Newsletter – Autumn Term – 18th November 2022

Book Fair

A huge thank you to all parents, grandparents and carers who came and supported our Book Fair so generously! We made over £1000 in sales, which means that we have earned £495 of Scholastic book vouchers to spend on further improving our book resources in school. We firmly believe that books are gifts that our children can learn from, relax with and grow from.

This Week

This week, the children have been completing some Maths assessments so that I can plan their future learning accordingly. The children all tried hard and their arithmetic is definitely improving! We are continuing reading The BFG in class and our English work is using the text as our stimulus. The children have been using fronted adverbials to sequence the opening of the story and have tried to build suspense in their writing by thinking about their language choices. We enjoyed using thermometers in our Science and learnt about the boiling and melting points of different materials. In our Geography, the children have sequenced the water cycle and explored how river systems work.
