

Class 3 Newsletter 25.06.21

This week in Class 3...

We have been working hard on writing non chronological reports. We have spent time collecting interesting facts and pieces of information about the history of the Olympic Games. In Maths, the children have been focussing on recapping and building on their knowledge of fractions. We have looked at finding equivalent fractions, adding and subtracting fractions and fractions of amounts. In Science, the children have conducted an investigation into whether there is correlation between age and height – Do humans get taller as they get older? They learned how to create scatter graphs to present their findings. In History, the children have thought about democracy and how life in Ancient Greece might be different to life now. In RE, we have spent time considering what they are thankful for.

Year 6 Bake Sale

Thank you again for any donations made to the bake sale. It was very popular amongst the children and there were so many donations, we had to hold 2 bake sales! As a result, we have raised £218.40 for Hamza which is absolutely incredible. This will certainly go a long way towards supporting Hamza and his family.

Race for Life

On Wednesday 7th July, we will be holding our very own Race for Life. Each class will be running around the school track to raise money for Cancer Research UK. The children will receive a medal to show that they have taken part in the fight against cancer. The children and staff can wear something blue for the event. We have an Online Giving page which I have included the link to here.

You will also find it on the school homepage. Any donations would be greatly appreciated. Thank you for your support.
