RE

Whilst we have been at home we may have celebrated special days and made new memories. Some of you had birthdays in lockdown, our grownups might have celebrated an anniversary and some children have had a new baby join their family. Talk to your child about special times that have taken place during lockdown. Can they remember what they did to celebrate? Did they have a special food? Did they take photographs?

Activity:

Think about a special memory that you have made during lockdown at home. You can create a picture of it which you could add to a memory box so that you can look back on it in years to come.
