This Week

This week we have been learning all about Pompeii in our English work and applying our learning across the curriculum to our Geography. We have found out all about the eruption of Mount Vesuvius and the impact on people and buildings. In our Maths work, the Year 3 children have started working on Mass and Capacity and the Year 4 children are tackling decimals. We have been thinking about betrayal and trust in our RE and the class have studied the Easter story in detail, finding examples of each. We are continuing with our work on plants in Science and this week we dissected a flower to locate male and female parts.
