This Week...

We have been working hard, hunting for sounds in words and noticing how many different ways the same sound can be made.

We have started looking at booklets and have noticed that information is organised into boxes.

We have learnt what alphabetical is and have practised finding words and meaning of words in our dictionaries.

In Maths we have completed a range of capacity and shape activities to help us develop the language used in both topics alongside our problem solving skills.

Next Week....

We will be writing booklets about woodland animals or plants.

In Maths we will be looking at position and directions and fractions.

Please take advantage of the website:

www.phonicsplay.co.uk

There are a number of phonics games that children can access for free. Most children are working at phase 5.
