

## Resource 2

Look at the resource below, where some people share their voluntary role and why they do it.

Have you ever volunteered before? Why?

I volunteer in a school as a teaching assistant. I am hoping to learn more about the role and gain experience so I can apply for a teaching assistant job in the future.

Elijah

Every year, I run a sports day for the children in the local community. My mum used to take part in it as a child, then I took part in it and now my own children take part too. The event has been running for generations, so is very special to me and it's my turn to give something back to my community. Eventually, I hope someone else will take over from me!

Anne

I am incredibly passionate about nature and conservation, so I spend my spare time volunteering for the National Trust. I also love working with others and being part of a team.

Emillie

I volunteer when I can and in many different ways. I always help out during the local fun run, which raises money for charity, I have volunteered at the covid vaccination centre and if I ever see anyone who needs help, such as shopping bags carrying, I will always try and volunteer some of my time to make their life easier. Helping and supporting others makes me feel happy.

Malcolm

I am completing my Duke of Edinburgh Award. One part of the award is about making a difference to people's lives and using skills to help our local community by volunteering. I have chosen to volunteer in a local retirement home, where I chat to residents and help them with their daily lives.
