

Hello again children,

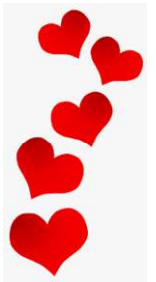

Just another little note from me so we can catch up and you are reminded that I haven't forgotten about you all!

Although it's very odd being at home all the time I am trying to see the benefits and the positives. This is time with our families that we rarely get: time to read a book, sit in the garden and listen to the birds, look up at the sky and marvel at the wonders of God's wonderful world, bake a cake, relax and remember how much we have in front of our eyes that we don't always realise!

So far in my house we have been doing many of these things! We've baked flapjack and gingerbread, watched a million Disney films and been doing art and craft nearly every day! Connor has spent most days dressed as a pirate and asking for "treats" every five minutes!

As well as that, we have been getting out for a walk each day to get some exercise and a change of scenery! Connor absolutely loves spotting RAINBOWS in all the windows. A real sign of HOPE that life will again one day be back to normal. So, a little challenge for you all – if you haven't made a rainbow for your window then will you try and do one? It might just spread a little happiness to someone as they walk past your house!

So far I have had e-mails from Jake and Jaidon.V (lovely to hear from you both and find out what you've been up to!) I've also spoken to Jake, Jaidon, Connor and Noemi on the phone – just a quick hello and a chat! I will try and call the rest of you when I am in school over the next few weeks.

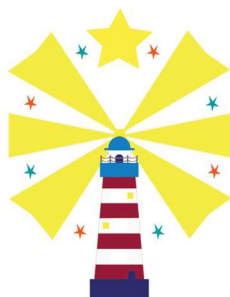

It would be lovely if you sent me an email – I would love to see photos of your rainbows or anything else you've been doing or just send me a little message! (no pressure though – you don't have to) ☺ My email is: k.morris@leacofe.lancs.sch.uk Mums and Dads that's for you too if you need any help with anything related to Home Learning.

Keep safe – and remember I am thinking of you all each day. Sending lots of love to you and your families,

Miss Morris ☺ x
