

Class 5 Newsletter

Summer Term – 28/06/19

This Week...

This week we have continued our work on electrical circuits in Science – we have been investigating electrical circuits and using scientific symbols for diagrams. In Art we have been learning about Andy Warhol and drawing in the 1960s style of 'Pop Art'. Additionally, we have had a P.E. session with a P.N.E coach. We have also given out scripts and parts for our production and we have made some final decisions about our enterprise project.

Next Week...

Many of Class 5 are visiting their new high schools next week. I hope these transition days are both enjoyable and reassuring for the children.
